BACON'S
MADISON MERCANTILE COLLEGE.
(Branch of Bacon's Mercantile College Cincinnati, O.)
No. 13, Bruen's Block, Madison, Wisconsin.

THE undersigned respectfully announces, that he has taken a Room in the above named block, (until his new College Edifice, which is course of erection, corner of Mifflin and Pinckney streets is ready for occupancy,) and will open his MERCANTILE COLLEGE on

Monday, January 14, 1856.

The plan adopted in teaching, combines practice with theory; instead of using Text Books the pupils are exercised in making original entries of every day business transactions—Journalizing, Posting, Balancing Accounts, Opening and Closing a great variety of different Sets of Books, both for Partnership and Individual Business; where the business has been properous and adverse—and thus qualifying the student for entering into the *practical* duties of Counting House, in any kind of business.

THE COURSE OF INSTRUCTION will consist of Double Entry Book-Keeping, embracing every department of *Wholesale and Jobbing, Commission, etc.* Wholesale and Retail, Commission, Exchange, Banking, Manufacturing, Shipping, Individual, Partnership, Joint Stock and Compound Company Business. Also Commercial Calculations, Penmanship, Lectures on the Science of Accounts, &c.

Pupils are instructed individually, and not in classes, so that Students may enter at any time and proceed in the pursuit of their business with facility.

HOURS OF INSTRUCTION, viz: From 9 to 12 M., from 2 to 4 and from 7 to 9 o'clock, P. M.

TERMS:

For one Scholarship, which entitles the holder of it to a full course of instruction $40 00

N. B.—Until the completion of my new College Building, I will offer the following inducements, viz:

Any one person subscribing One Hundred Dollars, will be entitled to four Scholarships at $25 $100

Any one person subscribing Five Hundred Dollars, will be entitled to twenty-five Scholarships at $20 $500

☞ The Scholarships will be transferable, and each one entitles the holder to a full course of Instruction.

Each subscription will be secured for amount of subscription by Mortgage on Real Estate.

Hours of Instruction, from 9 to 12 M., and from 2 to 4, and from 7 to 9 P. M.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS,
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Saturday Morning, March 29.

PEOPLE'S CITY CONVENTION,

WILL BE HELD AT ENGINE HOUSE NO. FIVE, on Saturday evening, at 7 o'clock, March 29th, for the purpose of nominating City Officers for the coming election, and to transact such other business as may come before the meeting, and each Ward is entitled to five delegates.

By Order of the Central Committee.

Fifth Ward Caucus.

THE ELECTORS of the Fifth Ward, in favor of the *best men* for Ward and City officers, are invited to meet at the Hawkins House, on Saturday evening, at 7 o'clock, to nominate a suitable ticket.

March 28. mar28d2t

NEWS OF THE MORNING.

The *Canada* arrived at Halifax at 7 o'clock last evening, with Liverpool dates to the 15th. The prospects are that a peace is now almost certain. Breadstuffs have advanced considerably over previous quotations.

Our Legislature decided to take a recess for Monday next until the second week in September, and are hurrying up their business to get through.

Congress continues to be exercised with the Kansas question. It will not "down," till the FREE STATE is admitted in the Union.

The divorce case in New York, which attracted so much attention, is decided against Dr. Cox.

See Local and Telegraph columns for various items of news, and our Advertising columns for a batch of new advertisements.

Adjournment of the Legislature.

The Senate having yesterday concurred in the resolution previously adopted by the Assembly, to will adjourn on Monday next. In the interim the Joint Legislative Committee will prosecute their investigation into the School Land, Treasury and other Departments, and will be prepared to report in full at the Adjourned Session. It will be seen from our Madison report that both Houses are rapidly closing up their business.

THE CHARTER ELECTION.

On Tuesday next the electors of this city are to choose the *men* to whose hands the administration of our local government is to be confided for the ensuing year. This is the government which most nearly concerns us, and the result of whose good, or ill management we feel every day and almost every hour. How our City affairs have been conducted for two, or three years past, the readers of the *Sentinel*—especially those of them who indulge in the business of paying taxes—need not be told. It is no exaggeration to say that there has been great lack of efficiency, economy and method, in their administration: and the belief is widely prevalent that there has been corruption, and dishonesty as well. The obvious cause of this is to be found in the selection of unfit and untrustworthy men for City and Ward Officers, and *party* is responsible for that evil choice.

By virtue of a caucus nomination, very often obtained by discreditable means and very rarely expressing the real preference even of "the party", men are elected to responsible offices, without regard either to their fitness, or their trustworthiness, and not unfrequently in *spite* of their admitted lack of both. So long as this rule prevails, it idle to expect any great improvement in the conduct of our City Affairs. We can only hope for a marked change for the better when men of all parties will agree to vote for the candidates only who have the requisite character & capacity for public station.

How far the TAX PAYERS of this city are prepared to adhere to the old, or adopt a new rule, we cannot say. As yet, the regular party nominations for City and Ward Officers seem likely to have the field to themselves, and while there are, among these nominees, men entirely fit for and worthy of public trusts, there are others who are confessedly and notoriously unfit and unworthy. If nothing else be done, in the way of contesting the coming election, an effort should at least be made to discriminate between the good and the bad on the Democratic tickets, and to defeat the election of those aspirants who are seeking office, in order to advance their own fortunes and individual schemes, and without a thought, or care for the public interests. There is hardly a Ward in the city where such an effort, heartily and judiciously made, would not result to the local, as well as general advantage. Caucuses have been called in a number of the Wards, in this view, and a Convention is to be held at the Engine House of No. 5, in the Fourth Ward, *this* evening, to nominate suitable candidates for City officers. Let honest, capable and trustworthy men be selected, without reference to party, and let the appeal be made to the People to vote for them, not for what they may call themselves, or under what political banner they choose to serve, but because of their individual merits, qualifications and character. Let the electors, in short, each for himself, apply to candidates for public office the same tests which they would require in selecting agents to transact private business, and even the appliances of party will not avail to boost unworthy men into stations of authority and honor.

"Wisconsin & Michigan Transit Company."

By an act of the present Legislature of this State, Messrs. ANSON ELDRED, ASAHEL FINCH Jr. W. B. HIBBARD and others in this city, together with Messrs. HIGHAM, STEWART and COTTON, of Michigan, were made corporators of a company, bearing the above name, which has for its object the construction and equipment a line of first class Steamers, to ply between Milwaukee and Grand Haven in Michigan, in connection with the Detroit and Milwaukee Rail Road and several Wisconsin Rail Roads' terminating in this city. We understand that the corporators residing in Michigan will visit our city during the coming week, for the purpose of meeting with the corporators here and organizing the company at once. Capt. L. H. COTTON has proposals from experienced Steam Boat Builders for the construction of two first class Boats to be completed and delivered by first of June 1857, at which time the Detroit and Milwaukee Rail Road will be completed to Grand Haven. It is the design of the company to make the terms of payment of all subscriptions to its capital stock such as will induce our citizens to subscribe liberally and the Directors will be able to show that the investment will be largely remunerative.

It cannot be necessary to dwell at length upon the importance of this enterprise to our city and State, or to enter into any labored argument to show that the proposed line of Steamers *must pay*. With *five* Rail Roads, radiating from this city to all parts of our State, and the Detroit and Milwaukee road, connecting directly with the Great Western, New York Central and other leading thoroughfares, this Steam Ferry, the connecting link between the two, cannot fail to do a very large and constantly increasing business. It is obviously to the advantage of Milwaukee that the controlling interest should be in the hands of our own citizens and the Detroit corporators are anxious that it should. A moderate subscription here will secure this point and enable the Company to contract at once for their boats. We think so well of the project and regard it as so eminently deserving of liberal support from our business public, that we suggest to the Board of Trade an early meeting for the special purpose of considering this matter and deciding what steps it may be proper for them to take, towards commencing the enterprise to the confidence and substantial aid of our Merchants, Capitalists and Business Men generally.

Editorial Correspondence of the Sentinel.

Recognition of Gov. Bashford by the Assembly—Twenty-eight Democrats vamosed.

MADISON March 27.

The question of to-day is the recognition of the Governor by the Assembly. I took very full notes of the proceedings, and would be glad to write them out at length which would do them full justice, as being the last act in the grand drama of the "Fizzle," recently enacted in and about the capitol. If I did so write out my notes however, I should go to a greater length than we have space for. Still, I will try to do injustice to nobody.

(Before I go on, however, let me correct my statement of the vote yesterday by putting Dr. Cameron on record as voting to receive the Message. Of course he did—he wouldn't, and couldn't do anything else. I see that Mr. Palmer's name is capitalized as a Milwaukee member, which is wrong.)

Mr. Murray of Rock Co. having made a motion to suspend the rules to put the bill for the Beloit city charter on its passage, Mr. Potter opposed the motion.

He said that he was willing to oblige his friend from Rock Co., but thought it futile to put this or any other bill upon its passage under the present circumstances. The Assembly yesterday refused to recognise the only person who could co-operate with the Legislature in the work of legislation. At the beginning of the session, the minority here had peacefully submitted to the recognition of Mr. Barstow as Governor, and the majority in the Senate had recognized him as Governor *de facto*; but now, at the close of the session, Mr. Bashford having been decided to be the Governor by the highest Court of the state, the majority here refused to receive a Message from him, and sent away his messenger with scorn. The Republicans had stood here against much indignity, and gone on with business. It was the duty of legislators here to come forward and give the people an example of respect to the decisions of the Court. He appealed to members as American citizens, as men respecting constitutional government, to refuse no longer to trample under foot the laws which themselves have made. As had yesterday made the motion to receive the Message without remark, as he had no intention to say anything to irritate the feelings of those in opposition, and had hoped that his motives would have been appreciated.

(Mr. Potter's speech was one of great ability, and I am well aware that the above does but small justice to its merits.) Mr. Stark reminded the House that Mr. Potter had yesterday refused to receive Mr. Farr's resolutions as an amendment to his motion. Those resolution embodied the sentiments of the majority here, but there was no opportunity given to express them in the Assembly: so the majority had voted No.

(Mr. Murray here withdrew his motion, so as to give full flow to the discussion pending.)

Mr. Stark proceeded to present and read a protest, signed by 18 democratic members to this effect.

The vote for Governor last fall was nearly balanced—the State Canvassers determined who was elected and gave him the certificate—Mr. Barstow entered on his duties—there was no law authorizing a review of the decision of the canvassers—they doubt the power of the judiciary to do it—one co-ordinate branch of government could not interfere with another—The Court has reviewed the decision and decided that there was no right to count supplements &c,—they dont see the justice of an *exparte* examination—the Constitution provides that the Lt. Governor shall act in certain cases—Mr. Barstow resigned and a vacancy was created—Mr. McArthur entered upon his duties—it is a grave question whether he was not legally Governor. But the Supreme Court had decided and overlooked this question.

The signers protest against the acts of the Court as forming a bad precedent—they think that the failure to have an issue tried by a jury, was an infringement of the Constitution. Under all the circumstances, they were desirous of entering this protest on the journal, and this done, in view of Mr. Bashford being in power and recognized by the Senate and Departments, they see no good in holding out, and are ready to withdraw opposition and go on with legislation.

Mr. Stark asked that the protest be entered on the journal.

Mr. Potter said, in reference to Mr. Farr's resolutions of yesterday, that he thought that gentleman could not have expected him to accept them as an amendment to his motion, nor the minority to accept them. Those resolutions used language very disrespectful to the Court, and such language was improper here, as all knew. The passage of those resolutions would have stultified those who voted for them, as they stated positively that the Court was all wrong and Mr. Bashford had forcibly ejected the Lt. Governor, and yet they proposed to recognize him! He had no objection to any member entering his protest on the journal, if in respectful language, and *this* protest was in such language, and if those who signed it, as citizens or as lawyers, wished their names to go down to the future on record signed to such a paper, that was *their* business. He would be unwilling to have *his* name so go down to the future. Their doctrine was that any intruder who by corruption of three men could get a certificate of election, *must* hold the office of Governor, there being no appeal from such a determination.

Mr. Potter proceeded at length in remarking in eloquent terms upon the absurdity of such a position. He thanked God that there is a tribunal where such fraud and corruption could be reached and corrected, and that the court had calmly and deliberately gone on in the discharge of its duties to a righteous decision—and he thanked God that the character of the judges stood as high as it did throughout the length and breadth of this state, where slander could not reach them.

Mr. Potter commented also upon the repeated insults upon the Court sent here by Mr. Barstow, and the distribution of firearms and defiance of the Court. He was willing that the protest should go on the record *after* the majority had renounced its false step of yesterday.

Mr. Mills spoke at some length on the subject of the position held here through the session by the Republicans and by their opponents. He argued against several of the legal positions stated in the Protest, in an able manner. He believed that the decision of the Court would rejoice the people, and put an end to election frauds. One of Mr. Barstow's pronunciamentos had been referred to a committee—all democrats—of which Mr. Stark was Chairman, and they had been incubating for a long time. The House had waited long for their report, and now it had "fizzled out" to a mere protest, when there was nothing to protest against—striking the wind—spitting against it and having it flying back in their faces. The protest does not even recognize Mr. Bashford as Governor *de facto*, but says that they propose to go on with legislation with him because he has got possession. If this is so, then the time might come when he himself (Mills) should get possession, and he then expected to be recognized! He hoped his friend Stark, would spread himself on the record—he wished that the Journal were as wide as the skies so that all the people might see it.

Mr. Farr said that he was surprised that the motives of the protest should be so ill appreciated. The signers merely submitted certain propositions in which they believed. If they were right, well; if not, they had the responsibility. It had come now to a point where the opposition must either yield, or resist. He did not think it was a time for resistance, and was willing to go on with legislation. If the protest was entered on the journal, he had intended to move a committee to wait upon the Governor. As to his resolutions of yesterday, he would say now that they did contain objectionable matter, and was glad that they did not go out of his hands.

Mr. A. D. Gray insisted that the Republicans at the beginning of the session did not yield peaceably, but were voted down, and obliged to submit—that the evidence before the Supreme Court was "obtained by paid menials of political gamblers," and that he asserted that he could prove that evidence given relative to Polk County was false. It might be charged that the signers to the protest had "caved," but they had "saved the principle."

Mr. Knowlton spoke at length in an able manner, making an argument on the rightful action of the Court, to which the impatience of the Assembly to take the question did not pay that degree of attention which it deserved.

In the course of his speech, Mr. K. asked Mr. Gray what he meant by his remark concerning evidence. Did he mean to say that he knew there was a poll at Spring Creek? Mr. Gray said that he did not know anything about Spring Creek, but he knew that the County board authorized three polls.

The Speaker here decided, in reply to a question by Mr. Walker, that the protest would be entered on the journal without a vote.

Mr. Walker said that he was content to be so on the record, and was ready to withdraw opposition and go on with legislation.

Mr. Morrison moved the previous question.

Speaker.—"There is no question. The floor has been occupied for personal explanation."

Calls for "the vote!"

Mr. H. S. Thomas, of Marquette Co., got the floor, and "went it with a looseness" for some time, murdering the vernacular horribly, in his anger at the recreancy of the 18 signers to the protest. No excited clerical exhorter at a Camp Meeting ever worked himself to a greater pitch, and his appeals were listened to with shouts of laughter. He went "against" everything but to stand up to the rack—he stood "just" where he did yesterday, *he* did—Bashford had "went" to the room with an armed mob at his heels and told the Lt. Governor if he didn't go out, he'd pitch him out of the window. He didn't "go for them things," he didn't—Mr. Bashford could make a Governor easy enough—he could "just" resign as Gov. Barstow did, and then we'd have one, and "go on harmonious." He wouldn't come down—he wouldn't. He'd vote against all protests and all business till things come to a focus. He believed Bashford would step out, and if he wouldn't, he wouldn't help him by a protest. If any body wanted to protest, "let 'em go in."

Mr. Stark explained the purpose of the protest, as Mr. Walker had done.

Mr. Knowlton offered a resolution that the protest be entered on the Journal "as the individual opinion of members signing it."

The Speaker said it was of no use, as the protest would go on of right.

Mr. Barchard appealed, but soon withdrew the appeal.

Mr. Murphy moved to adjourn—lost, 27 to 46.

Mr. Knowlton's resolution was withdrawn.

Mr. Wagner moved to adjourn to 2½ P. M.—lost, by voice.

Mr. Falvey moved to adjourn—lost 32 to 40.

Mr. Falvey moved a call of the House—ten members did not rise.

Mr. Huntington, (democrat) moved "*that a Committee of three be appointed to wait upon His Excellency, Coles Bashford, Governor of Wisconsin, and inform him that the Assembly is ready to receive any Message which he may be pleased to send.*"

Mr. Falvey moved to adjourn—lost, 30 to 42.

Mr. H. S. Thomas moved to adjourn to 3 P. M.—lost, 30 to 43.

Mr. Farr said that he understood that the signers of the protest were honorably bound to withdraw opposition, and he should so vote.

Mr. Woodman did not understand any such thing as that he should be called on to vote a Committee to wait upon Mr. Bashford. He can send in his communications if he likes. He would leave for home before he would recognize Mr. Bashford.

Mr. Cram took the same ground. He was willing to go on and legislate, but would never consent to send a committee.

Mr. Farr said the House had yesterday voted not to hold any communication with Gov. Bashford, and if he had any self-respect, he would not act with the Assembly till they receded. If gentlemen did not wish to vote for the committee, they need not do so, he presumed.

Mr. Cameron moved the previous question.

Mr. Barney wished to speak—he would never vote without being allowed to explain—he "would be taken out of the House in quarters"—he would be pitched out of the window first—(Here Mr. Cameron, fearing a collapse of Barney, withdrew the call for the previous question, and Barney went on to accuse the signers of inconsistency, and wanted some "straw-heeled democrats" to explain their position. Barney "went it pretty strong" for a while.

Mr. Cameron—"I'm sorry I didn't let you go."

Mr. Woodman now became excited. He didn't understand by his signing the protest that he was obliged to concur in any thing proposed by "Shanghaia or recreant democrats."

Mr. Cameron renewed the call for the previous question, and it was sustained by 43 votes.

Mr. Stark asked to be excused from voting—lost.

H. S. Thomas moved a call of the House—out of order.

A. D. Gray wanted to be excused, and wished to say why, but the Speaker decided that speeches were out of order.

Motions to adjourn and to adjourn till 3 P. M., were lost with a loud No!

Cries of "Question!" from all parts of the Hall.

SPEAKER—"Shall the main question be now put?"—Carried, 42 to 19.

Mr. Stark asked again to be excused. Speaker said the thing was out of order. Mr. Stark said that "he should excuse himself then," and went out, followed by a crowd of "weak brethren." The laugh was long and hearty, if not loud, as they went.

The motion of Mr. Huntington for a committee was then put and carried by the following vote:

AYES—Alden, ANDERSON, BOSTWICK, Brazelton J. T. Brown, Burchard, Butterfield, Cameron' Chapin, Cheves, Childs, Chipman, Colladay, Dr vis, Drake, Evans, FLETCHER, Flood, Hawley, Head, Howe, HUNTINGTON, H. Johnson, J. H. Knowlton, Lauderdale, Murray, Mills, Newell, Noon, Noyes, Parker, Potter, Reed, Seymour, Taylor, Townsend, Wood—37—four Democrats in CAPS.

NOES—Bird, James, McCormick, Morrison, Murphy, Thompson, Walker, Wipperman,—Hull —9.

Vamosed the ranch—"shot the pit"—(the only shooting done in all the case (Aiken, Barney, Beger, Briggs, Chappel, Connor, Crane, Cramond, Crawford, Ehinger, Falvey, Farr, A. D. Gray, Greulich, Hahn, P. Johnson, E. Knowlton, Lavis, Palmer, Sell, Smith, Stark, H. S. Thomas, Tobin, Vogenitz, Wagner, Weaver, Woodman —28.

The Speaker appointed as the Committee, Messrs. Huntington, Potter and Mills, and the Assembly adjourned to 3 P. M.

I have no space left to record the rejoicings of the noble band of Republicans, and the few honorable Democrats who voted with them.

In the afternoon the Message came in and was quietly received.

In the Senate, Lieutenant Governor Arthur McArthur came in and resumed his seat, with a brief personal explanation, taken in good part. I will send a copy of his remarks. We are all glad to see him back again, and sorry for his lapse.

Enough for this time. The war is ended.

CONCLUDED.

SMYRNA, Dec. 1, 1855.

Towards night the second day we passed the Island of Tenedos and opposite saw in the distance the plains of Troy. Few remains are found to mark the site of the ancient city—two tumuli alone are pointed out to the traveller. One is called the tomb of Hector and I believe the other that of Aeneas, although according to Homer my impression is that he was never buried there. On the morning of the third day we arrived at Mytelene, Ancient Pelasgia, now known as the Island of Lesbos. This island forms an important item not only in the history of Mythology but in the actual events that have transpired on it and been handed down by the most authentic Greek historians and other writers. The island is some 50 miles long by 25 broad, and was once chequered with large cities and a dense population. But time has wrought changes for the past five thousand years—wonderful changes here in this classic land, in which poetry, painting and statuary have associated in our minds everything lovely in nature, heroic in character, gigantic in intellect, fair in feature and redundant in the arts, wealth and refinements of life. But alas, it is all ideality and exists only in our dreams. When once seen, the spell is broken and we cheerfully turn our eyes towards the setting sun to find everything that is truly great. Even nature has apparently shrank from the gaze of man. Nothing but desolate, barren rocks meet the eye. Thus while nations have crumbled into dust and empires have fallen, nature neglected mourns over the desolation, and patiently waits centuries for the spade and pruning-hook wielded by the hand of industry.

This was once the land of music, poetry and song—of philosophy and rhetoric. It was here that the Æolian school of lyric poetry was taught and here sang Alcæus, Sappho and Arion. Here also, lived and died Terpander, both poet and musician, Pittacus the sage and statesman, Hellenicus and Theophanes the historians, and Theophrastus and Phanius the philosophers.

The city of Mytelene looks well at a distance, but like all other towns in the Turkish dominions will not bear inspection. I am told that not only the city but the interior, for the last few years, begins to thrive. The Lesbians now export considerable quantities of oil and figs which are raised in the interior, and timber and pitch which are derived from the pine timber which cover the summits of some of their mountains. Several other islands were passed by us, but we made no halt.

Not long after leaving Lesbos, one of those painful instances occurred on board of the ship which forms always an item in the memory, and which hung like a dead weight upon most of the passengers' feelings until we arrived at this city. There was sitting opposite to me at the dinner table a gentlemanly dressed person about the middle age of life. I think it was during the second course that the servant handed him a plate of meat from which to help himself. He did so, and while handing back the plate it was observed that he nearly let it fall. One moment afterwards his whole frame became relaxed and his face dropped on the table. No one started to help him, but on the contrary, some appeared to be paralyzed, and others to withdraw from the cabin. Being unable to endure the sight any longer I passed around the table and took the man's head and shoulders in my arms. On his face being turned upwards he opened his eyes full upon me—a quiver ran through his whole frame and they became set—the spirit had flown to the Great Author of his being. Thinking that he had only fainted I endeavored to get some one to assist me to take the poor, dying man upon deck, and after considerable delay one of the waiters reluctantly took hold of his feet and we carried him alone; but he never breathed again. Every one supposed it was a case of plague, or cholera, and being very selfish, like the ignorant all over the world, they did not dare to offer any relief whatever. I was even informed that he had a connexion on board and that he was among the first to desert him. Superstition has much to do with such things. Many think here that a person who is suddenly struck down so, is thus cut off for some offence done to his deity and that it is a just and merited punishment. If this occurrence had not taken place near port the body of this unfortunate passenger would have been consigned to the Ægian ere it was cold; but as he was well dressed, and a considerable quantity of money found with him and only half an hour from port, it was kept until we arrived there.

But to the Christian it illustrates most forcibly the truth of the saying "that in the midst of life we are in death". If I mistake not the ancient Egyptians always bore this in mind, and even at their feasts it was not lost sight of; for at each end and at the centre of the banquet table were placed human skulls to remind the guests that death was ever near. On the walls of an ancient Church in Lubec I saw a series of paintings, illustrating substantially the same thing. They were painted, I believe, in the thirteenth Century. Life was then represented in all its various epochs, and at each scene death was always present, but of course unseen to mortal eyes. On smiling infancy with its toys, there was death also seen playing with his own toys. On the mossy banks of some gurgling streamlet childhood was amusing itself in plucking flowers —death too was near snapping off the most beautiful of them all. At the wedding party, where all was gaiety and pleasure, and the old hall rang with music and the tripping of fairy feet, death waltzed with the bride. In the front of battle, where the plumed warrior led on his forlorn hope, thirsting for fame and immortality, and trampling upon the dead and the dying, there too was death at his side, seated upon his white horse with his countenance distorted with a demon-like ferocity, and urging forward as if the very next blow would bring victory. In one hand is a scythe, and in the other an hour glass. This picture is called the dance of death. Above the arches in an old covered bridge in Lucerne, Switzerland, there is also a series of paintings, called by the same name, intended to illustrate a similar idea.

On the third day at night, we arrived at this city, which is located at the head of a fine bay of the same name, and contains a population of upwards of 150,000 inhabitants. They consist of Turks, Greeks, Jews, Armenians, and a few Franks. There are also a number of Gipseys, as in most of the Turkish towns. The Greeks, many of them, dress like the Franks, and are many of them quite wealthy. They compose a large proportion of the European part of the Sultan's population. Most all of them are members of the Greek Church, and consequently there is not one of them but what hopes and prays for the success of the Russian arms. The Sultan himself has no confidence in them whatever. The Greek ladies are many of them fine looking. They differ not essentially in appearance from European, or American ladies. They are extremely fond of dress and show and are often bedecked with ruffles and furbelows. The Gipseys are coarse featured and sunburnt. They have thick matted black hair and black eyes. They are dirty and filthy. They wear full trowsers of either dark, blue or brown cotton cloth and a jacket. The dress of the men and women is the same, except the women have a cloth round their heads, and the men wear a fez. This last named article, as I have before remarked, consists of a red cap, that closely covers the head, with a long silk tassel, which hangs over on one side.

The bay of Smyrna is upwards of thirty miles long, with land on both sides in plain sight at its widest place and gradually narrowing, it at last makes a graceful curve, on which are located the wharves of the city. It stretches off on the level plateau of ground, which adjoins the bay on the left, while its right advances far up on the side of Mount Pagno, giving it a picturesque appearance from sea. The mosques and domes, minerets and towers, together with the tall cypress forests, are seen the same here, as in Constantinople. But the streets are narrow, dirty and crooked, and in penetrating into them, only a few rods from the sight of the shipping at the wharf, one soon loses himself in a labyrinth of turns and crooks, from which it is almost impossible to be extricated short of a guide who understands them.

Meeting at Waupun.—Rejoicing of the People.

On the evening of the 25th inst., the citizens of Waupun and vicinity came together to give audible and visible demonstrations of their joy and approval of the decision of the Supreme Court in the matter of Bashford *vs.* Barstow, by illuminating the village, bonfires, fire-works, and firing of guns. Men of all parties participated and contributed to the jubilee.

Mr. L. B. HILLS having been called to the chair and Mr. J. C. SNOW appointed Secretary, the following resolutions, offered by Mr. WARE, were unanimously adopted:

Resolved, That the right guaranteed to the qualified electors, by the Constitution, to choose their own officers and which provides that the person or persons having the highest number of votes for any office "shall be declared elected," is the foundation of all Republican institutions, and the one which distinguishes this from a Monarchical Government.

Resolved, That this is a right and privilege dear to the people, which should be held sacred and protected against frauds by every citizen who desires to see our free institutions perpetuated, and he who attempts by fraud or force, to deprive them of this right, or to set their will as expressed through the ballot-box at defiance, should be held and branded as a *traitor* to his country and not worthy the name of *American citizen*.

Resolved, That the Judges of the Supreme Court in the late exciting Gubernatorial contest have shown themselves worthy of the high position to which the people have called them, and by their candor, firmness, and fixed determination faithfully to administer justice according to the Constitution and laws of our State, have given a guaranty to the people that to this Court, they can safely apply for the protection of every right and the redress of every wrong.

F. A. SUMNER, Esq., offered the following sentiments which were enthusiastically responded to.

THE SUPREME COURT OF WISCONSIN:

Intelligent, honest and fearless; their constitutional decisions will be the law of the land in all coming time.

THE RETURNS OF WAUPACA:

We make war on any *pack* that is stamped with fraud and corruption.

THE BALLOT BOX:

The Palladium of our liberties.

THE CERTIFICATE OF THE STATE CANVASSERS:

Not legal when obtained by fraud.

TOWN 25, RANGE 10:

It will be time enough to count her votes, when she has inhabitants sufficient to hold an election.

GILLS LANDING:

A landing where fraud was landed
The Supreme Court that fraud has stranded
Let that be a warning to all here below
Then we shall never have another *Barstow*.

Resolved, That the proceedings of this meeting be forwarded to the *Sentinel* and Fond du Lac *Tribune* for publication.

The meeting adjourned with three cheers for our honest Governor.

L. B. HILLS, Chairman.
J. C. SNOW, Sec'y.

Destructive Fire.

MESKEGO CENTRE, March 28.

Messrs. Editors:—A destructive fire occured here this morning at 4 o'clock, destroying the house of J. D. REYNERT, Esq., known as the "Farmers' Inn." He has sustained a loss of from $1500 to $2000, no insurance. The fire was no doubt accidental. The house and store of Mr. T. Taylor and the barn of Harrison & Pratt were for a while in imminent danger. By the prompt aid of our citizens much of his personal effect was saved.

Respectfully yours,
WM. F. HARRISON.

The Governorship.

This question seems not to be entirely settled yet, Mr. McArthur still insists that he is Governor, and the Assembly refused to recognize Mr. Bashford as Governor. This effectually blocks the wheels of Government, inasmuch as the Senate has recognized Mr. Bashford's claim to that post he having been endowed with Executive powers by the Supreme Court.—Since matters have taken the turn they have, we cannot sanction the course of the Assembly, but think they had better peaceably submit to the decision of the Court.—*Beaver Dam Republican*, (dem.)

The action of the Assembly, in refusing to recognize Gov. BASHFORD, is condemned on all hands in the most unqualified terms. Even the few Democratic papers that stood up for Mr. BARSTOW denounce the foolish and factious course of the "Thirty-Eight." It was no doubt in anticipation of this, that they "backed down" so soon.

FROM MADISON.—Coles Bashford is now recognized as Governor by both branches of the Legislature. Lieut. Gov. McArthur has wisely refused to be led by bad advisers, and has taken his seat in the Senate. Speaker Hull has also taken the chair in the Assembly. Mr. Starks has got over protesting, and presided as Speaker *pro tem*, and now the usual legislation will be completed and the Legislature will we trust soon adjourn, *sine die*.—*Wisconsin*, of yesterday.

Cold comfort for Messrs. MCARTHUR, HULL, STARK & Co., to be laughed at, for their folly, by their own political friends. They get no sympathy from any quarter.

NORTH SHORE LINE OF STEAMERS.—The *Western World*, *Plymouth Rock* and *Mississippi* are to constitute the Michigan Central Railroad or North Shore Line of Steamers between this city and Buffalo the present season. These boats are each three hundred and fifty feet long, two thousand five hundred tons burthen, and have one hundred and fifty family and other rooms.—The following are the officers:

Western World—S. H. Barker, Commander; W. B. Phelps, Clerk; D. C. Wilcox, Steward; H. Lawrence, Engineer.

Plymouth Rock—P. J. Ralph, Commander; John Evans, Clerk; J. Larkin, Steward; J. E. Edwards, Engineer.

Mississippi—S. G. Langley, Commander; C. B. Noble, Clerk; M. R. Wormer, Steward; Nelson Rockfeller, Engineer.

With such vessels and such officers, this line will not be excelled by any upon the western waters.—*Detroit Free Press.*

☞ That a monstrous wrong has been perpetrated upon the people of this State is self-evident by the glaring frauds that have just been exposed and brought to light by the Supreme Court; and that a large portion of the Democratic party have been deceived and imposed upon by unscrupulous and designing men, in the various new counties in the northern part of Wisconsin, is also placed beyond a cavil. Such being the fact, it is but justice to say that there is not a Democrat with whom we have conversed upon the subject but acknowledges that they have been grossly deceived, and irrespective of party feeling, *are glad that the true Governor holds the office.* It is to be hoped that the Democrats of this State will never allow themselves to be placed again in a situation like the present, but that they will hereafter guard their rights, and nominate men that will discharge the duties incumbent upon the various offices to which they may be elected, with fidelity and honesty to the people, and credit to themselves—a result in which all good men will cordially acquiesce, and wish to see carried into effect.—*Jeffersonian* (*Dem.*)

THE GOVERNORSHIP.—In another column we lay before our readers the message of Governor Barstow to the Legislature, containing his resignation of the Executive Office. This course took the people by surprise; and will be looked upon by many as forthcoming evidence of the frauds so loudly heralded by the opposition press. We cannot divine the reasons which actuated him to take this step, but give him credit for the motives he assigns. This vexed question is now settled, the Supreme Court having declared Coles Bashford Governor, he has taken the oath of office, and is now the Governor of the State.—*Horicon Argus.* (*Dem*)

THE MURDER IN ELLINGTON.—Elliott and wife were fully committed to our County Jail on a charge of having murdered by strangulation the illegitimate child of their daughter. They are an ignorant couple, and natives of the State of New York at that. We hear that the man is 71 years of age, and quite intemperate.—*Appleton Crescent.*

Police Court, March 28.

AN EXPENSIVE SCRAPE.—Jacob Buchenberger, Leonhardt Buchenberger and Jacob Smith were tried for an assault and battery upon William Dunneth. The evidence was clear as to the assault and battery, and the Court found them all guilty, remarking, that although the amount of damage done to the complainant was trifling, to the public it was serious; he should fine two of the defendants $10 each; the evidence had shown that the defendant Leonhardt Buchenberger, had been the most prominent actor, and had instigated the assault and battery by telling the other defendants that "if the fine was more than $5 he would pay it." "If," said the Court, "his purse is such that he can pay all such penalties, I think it right he should have an opportunity of doing so; he will be fined $15, the costs will be divided among all the defendants." Two of the defendants fine and costs was each $12,56, and the other $17,56, making the total cost of the scrape $43,68.

Nathan Bowen, drunk, third offence, sent to jail for 10 days; John Prehn, and old offender, paid a fine of $3; John Shaw, drunk and disorderly, fined $2, Nancy do, wife of John, for being disorderly, was fined $10; George Fleming, drunk, fined $1.

William Delehanty and Patrick Delehanty were brought down from jail by the Police, charged, the former with an assault, armed with a knife, upon Policeman Coughlin with intent to murder him, he waived an examination, and was held to bail in the sum of $1,000 for his appearance at the Circuit Court.

Patrick Delehanty, on a charge of resisting Policeman while in the execution of their duty, waived an examination, and was admitted to bail in the sum of $500 to stand his trial at the Circuit Court. Michael McGrath and Michael Burke were the bondsmen in both the bail bonds.

The Court was densely crowded "with a large sprinkling of the boys," in the waiting the examination was evidently a great disappointment to them.

☞A warrant was issued against John Ringbacher, on complaint of Mary Starks, charging him with an assault and battery, with intent to commit the crime of rape.

The defendant was arrested and taken to the Watch House by Policeman Bessler. The prisoner stoutly denies the accusation, stating that the complaint is made for the purpose of extortion; he says, "I never speak nothing to dis woman in God's world in mine life thus."

People's City Convention.

A Convention to nominate candidates for City Officers, without regard to party, is to be held at the Engine House of No. 5, North Ward, *this* evening, at 7½ o'clock. Delegates are invited from all the Wards.

RATHER ONE-SIDED.—Of the *thirty-four* delegates to the Democratic City Convention, which meets to-day, only *two* are native-born citizens. This is rather a small proportion, it must be confessed, and savors of K. N. "intolerance."

MEETING OF ENGINE CO. NO. 5.—A special meeting of Ocean Engine Co. No. 5 was called on the 27th inst., to give expression to their feelings of regret at the departure of DANIEL N. MERRAM from their midst

On motion, Peter Klumb, B. Hibbard and A. N. Peirce were appointed to present resolutions expressive of the sense of the meeting. The Committee presented the following resolutions, which were unanimously adopted

Resolved, That the members of Ocean Engine Co. No 5 have learned with great regret the death of their brother, DANIEL N. MERRAM.

Resolved, That during his service in the Fire Department for seven years, he proved himself a good and efficient fireman, and rightly deserves the respect of all the members of the Department

Resolved, That we deeply sympathize with the family of our departed Brother, and that we will attend his funeral in uniform

Resolved, That the Secretary of this Company be requested to communicate a copy of these resolutions to the family of DANIEL N. MERRAM, and also furnish the city papers with a copy thereof for publication.

FIRST WARD—PEOPLE'S TICKET.—At the Caucus held last evening in the First Ward, the following ticket was put in nomination:

Alderman for 2 years—Wm. H. Wright.
Alderman for 1 year—Henry Smith.
Assessor—Geo. A. McGarrigle.
R. R. Commissioner—Benjamin Skidmore.
Constable—George Berkle.
Delegates—Arthur Bates, A. D. Seaman, John Nichol, J. Gormly, Chas. Kupper.

FOURTH WARD—PEOPLE'S TICKET.—The ticket nominated at the Fourth Ward Caucus last night was as follows:

Alderman for 2 years—Caleb Harrison.
Alderman for 1 year—Joel Mood, Adam Ernst.
Assessor—Ambrose Ely.
Tax Levy & Fire Dep't—A. Millard.
R. R. Commissioner.—P. Jacobus.
Constable—John Meyer.
Delegates.—Chas. Bierbach, J. D. Crouch, S Babcock, E. Shaw, P. Jacobus.

SIXTH WARD TICKET.—We intimated yesterday that the Democratic ticket in the Sixth Ward was made up entirely of Foreign citizens. A German friend assures us that the reason for this was, that there are no democrats of native birth in the Ward; all the Yankees, to use our informant's expression, being "Shanghai's." He added, however, that MR. R. N. MESSENGER, who is an American, was nominated on the ticket for Justice of the Peace—a most excellent selection.

SEVENTH WARD—PEOPLE'S TICKET.—The following ticket was nominated at the People's meeting in the Seventh Ward, last evening:

Alderman for Two Years.—W. A. Pfeutiss.
Alderman for One Year—Horatio Hill, Francis J. Jung.
Assessor.—J. W. Danlap.
R. R. Commissioner.—James Murray.
Justice of the Peace—Albert Smith.
Constable.—August Seifert.
Delegates.—Rufus King, O. F. Bolt, J. D. Spaulding, H. Breidert, O. H. Waldo.

ENGINE CO. NO. 5.—At a meeting of Engine Co. No. 5, held the 27th inst., the following resolution was adopted:

Resolved, That, whereas, at the last election for officers in the Fire Department of this city, the Chief Engineer was declared elected without a two-third majority of the votes, adverse to the law and wishes of this Company, and the working firemen generally, therefore we shall ever pray the Common Council to grant us a new election.

MUSICAL SOCIETY CONCERT.—The Concert of the Musical Society at Young's Hall, last evening, attracted a fine audience and gave great satisfaction. The Overtures and March, by the Orchestra, were admirably played; the Choruses well sung and the Solo for Soprano, by a youthful *debutante*, elicited, as it deserved, a very hearty *encore*.

FOR TWO RIVERS.—The steamer *Huron* will leave this port for Two Rivers and intermediate ports, to-morrow morning. Our Lake is entirely free from ice hereabouts.

☞ THE MANAGERS of the MILWAUKEE ORPHAN ASYLUM acknowledge gratefully the receipt of Ten Dollars, as a gift from the First Ward Public School

PARLOR OR SALOON PISTOLS!

JUST RECEIVED a small assortment of the above named Pistols, together with the cap and ball for the same. These pistols are not only service able as a weapon of defence, but are admirably adapted for target exercise

The cap, ball and powder are all together, and the Pistol can be charged in the same space of time required to place a cap on an ordinary Pistol. There is but little smoke or noise attending the discharge, at the same time the ball is thrown with sufficient force to do great execution As this style of Pistol is only made with two sizes of bore, no difficulty will be experienced in procuring the caps to fit them.

We have also on hand a large stock of Colt's, Allen's, Warner's, Robbins & Lawrence's, Whitney's and other styles of revolvers and pistols of cheaper grades, all of which will be sold low. Call and examine our assortment.

HAVING recently received an extensive stock, and daily adding to it the latest styles of

SPRING GOODS,

Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a reduction above Eastern cost, we are prepared to show, and will be most happy to sell the

MOST COMPLETE AND EXTENSIVE STOCK OF

DRY GOODS,

Ever before offered in the West!

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long realized and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to

COUNTRY MERCHANTS

who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

Congressional.

WASHINGTON, March 28.

After a struggle of two hours the bill was recommitted to the Committee of the District of Columbia. Mr Lane of Oregon called attention to the horrible sufferings of the whites in Oregon and Washington territories, caused by the unrestrained outrages of the Indians, 20,000 of whom of various tribes are located therein.

He alluded to the frequent murders committed and such that no step of the administration had thus far been of service in restraining these savage atrocities, and unless some severe step is taken the whites will be wiped out entirely. He earnestly appealed for an appropriation of $800,000 to secure the services of friendly Indians who alone could in summer time penetrate to the hiding places, and fastness of the foe. He introduced a bill for that purpose and the same was referred to a committee on Ways and Means.

Mr. Campbell chairman of ways and means said the matter should be considered adjourned till Monday.—The National executive Republican Committee closed their session to-day; they have issued a call for a Convention to meet at Philadelphia June 17th. inviting the attendance of Delegates representing all the opponents of the Slavery policy of the administration. The address thought to have been written by F. P. Blair was adopted.

Sugar Coming.

PEORIA, March 27.

Three hundred tons of Sugar left here to-day for Chicago houses via the Chicago and Rock Island Railroad, being the first up from New Orleans this season.

CHARLESTON, S. C., March 28.

The steamer Isabelle arrived here from Havana to-day.

The British steamer Aragos had arrived at Havana from Port Royal, with 50 of the crew down with yellow fever.

NEW YORK, March 28.

It is the Arlington Bank at Washington what has failed, and not the Washington Bank as stated previously.

Geo. Wilson, the negro confined on suspicion of having murdered the Captain and crew of the Schooner Endora Imogine was discharged this A. M. on ground of irregular proceedings.

Know Nothings Defeated.

BOSTON, March 27.

In the lower house of Legislature to-day, a resolution to amend the constitution so that no person shall hereafter hold office in the State unless born in the United States, was defeated. Two thirds of the members were required in order to pass it, and the vote stood 156 for, and 124 against.

HALIFA March 28.

NINE O'CLOCK REPORT.

NEW YORK, March 28.

The *Canada* left Liverpool on the afternoon of the 15th, and arrived at Halifax on the 28th, at 7 P. M. Mr. Dallas immediately proceeded to the Adelphi Hotel, where a deputation of American Chamber of Commerce presented him with a congratulatory address.

No excitement exists in regard to American affairs.

Nothing definite has transpired respecting delings of the peace conference. All accounts agree to an almost certainty of peace Advices from Germany and Russia bear the same tone

There is a general rumor that the treaty of peace will be signed on Saturday; all difficulties, however, not yet adjusted.

Several important despatches respecting the Principalities and Asiatic frontiers are left undecided as to when the Congress first met.

It is rumored the ratification of treaty and adjustment of judgment of unarranged difficulties are to be referred to commissioners on the spot.

Sardinia will not be represented in this commission.

Despatches from Berlin and Vienna state that Prussia has been invited to send representatives to the conference; that Manteufel would leave Berlin on the 14th for Paris as plenipotentiary.

F. M. LANE'S

PERMANENT GLOSS PAINT,

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself; the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel of porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints. It possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Bridge and State trade.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added tools of the latest design, a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of one horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this the Proprietors refer to that in successful operation through the country as their best recommendations, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the most men.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principles.

They have always on hand a large stock of BRASS WORKS, such as GEARS and CYLINDER COCKS, OIL CUPS and COCKS; and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash prices.

They are also Agents for EASTMAN'S PATENT STEAM GOVERNORS, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertion will be spared to render this Old Eagle worthy of the reputation it has already gained.
